

# Rahim Shah

Mohallah MianKhel Village & P/O Tajori Distt; Lakki Marwat | [rahimshah.dev@gmail.com](mailto:rahimshah.dev@gmail.com) | +923476662833

## Profile

Motivated and detail-oriented Frontend Developer with hands-on experience in designing and developing responsive, accessible, and high-performance web applications. Skilled in modern frontend technologies such as React, JavaScript (ES6+), and Tailwind CSS, with a strong focus on clean architecture and component-based design.

Recognized for taking initiative in leading frontend teams, collaborating across departments, and solving complex UI/UX challenges. Passionate about writing maintainable code, implementing modern design systems, and continuously improving user experience. Committed to staying updated with emerging web technologies and contributing to scalable, real-world digital solutions.

## Experience

### Frontend Developer

**NGEN Circle (Pvt) Ltd**, Peshawar

Jan 2024 – July 2025

- Built and maintained **responsive, high-performance web interfaces** using React, JavaScript (ES6+), and Tailwind CSS.
- Delivered **pixel-perfect, accessible UI components** with cross-browser compatibility and seamless API integration.
- Contributed to full-stack workflows by supporting backend logic, ensuring end-to-end application efficiency.
- Took ownership of key frontend modules, conducted **code reviews**, and mentored junior developers during agile sprints.
- Resolved complex UI/UX issues through **strong debugging, optimization**, and collaboration with cross-functional teams.

### Frontend Developer

**Skylinx Technologies**, Lahore

July 2025 – Present

- Collaborating on **component-based UI architecture** using React and Tailwind CSS for scalable web applications.
- Assisting in **RESTful API integration** and frontend-backend communication across multiple product features.
- Enhancing interfaces with **modern design patterns**, interactive animations, and responsive layouts.
- Actively participating in agile processes, applying **version control (Git)** and adhering to clean code practices.

## Education

### BSc (Computer Science & IT)

University of Engineering & Technology (UET), Peshawar | \*2021–2025\*

### FSc (Pre-Engineering)

Oxford Science School & College, Chokara Karak | \*2018–2020\*

### Matriculation

Suffah Public High School & College, Tajori | \*2016–2018\*

## Technical Skills

- **Languages:** JavaScript (ES6+), HTML5, CSS3
- **Frameworks/Libraries:** React.js, Next.js, Redux Toolkit
- **Styling:** Tailwind CSS, Bootstrap, CSS Modules
- **Tools:** Git/GitHub, Vercel, Railway, RESTful APIs
- **Practices:** Agile, Clean Code, Component-Based Design, Performance Optimization

## Activities & Interests

- **Open Source & GitHub Collaboration** – Actively contribute to frontend repositories, participate in issue tracking, and collaborate via pull requests using Git workflows.
- **UI/UX & Design Systems** – Passionate about modern UI/UX principles, micro-interactions, accessibility (WCAG), and design consistency through reusable components and design systems.
- **Performance Optimization** – Enjoy exploring web performance techniques including lazy loading, code splitting, and Lighthouse audits for improving Core Web Vitals.
- **State Management & API Handling** – Experiment with tools like Redux Toolkit, RTK Query, and Axios to handle complex frontend state and API logic efficiently.
- **Frontend Architecture & Clean Code** – Enthusiastic about scalable component structures, DRY principles, and modular CSS (e.g., BEM, utility-first with Tailwind CSS).
- **Technical Blogging & Documentation** – Write clear and concise developer-focused content to simplify complex frontend concepts and document component libraries.
- **Community & Learning** – Regularly engage with dev communities, attend webinars, and follow thought leaders to stay updated with evolving frontend trends and best practices.
